

AF ELECTRIC FANTIC ISSIMO 45

Synonymous with safety and stability on any terrain thanks to its wheels with 20x4-inch Fat tyres and low centre of gravity, the new ISSIMO 45 is the S-Pedelec version of the ISSIMO. It is fitted with a 500W Bafang M600 motor with a maximum torque of 120 Nm and a 600Wh battery, type-approved lights and number plate holder, as well as a storage compartment as standard. The transmission is continuous, with the ENVILO Heavy Duty integrated in the rear wheel hub. As a commuting bike, the ISSIMO 45 represents a new opportunity for getting about the city in complete freedom and with respect for sustainable mobility. The international-award-winning design can even be customised according to one's own style and needs with colourful covers and accessories.
