

# AF ELECTRIC VSETT VSETT 9

Vsett 9 - an electric scooter that allows you to travel further and safer. The Vsett 9 model is not only good-looking, but also high-quality and durable. By choosing this model, you are choosing a thoughtful design. Reach further - thanks to the powerful 13 Ah battery, you can enjoy the ride even longer. The latest generation of battery cells provide faster charging, but you only have to think about it after driving almost 55 km. The 650 W brushless motor allows you to experience even better performance. Two in one - comfort and safety. Thanks to two independent spring shock absorbers, the driver does not even notice road irregularities. You can drive on sand, asphalt, hills, rocks and through potholes and enjoy excellent driving comfort.
