

FANTIC TREKING LIVING CITY

WITHOUT COMPROMISE.

Created for the city, this new e-bike satisfies all daily mobility routing needs inside all the streets of the city, in a sustainable way. Manageable, easy to ride, comfortable and safe. The low step-through makes it easy for everyone to get on. Yamaha's new PW S2 motor provides 75Nm of torque together with "automatic assistance support" that gives the assistance you need in any condition: overpass, uphill or downhill dirt road with a fluid and natural acceleration with every ride. The new "asymmetrical rear chainstay" offers the possibility of installation of a belt instead of the traditional chain to upgrade the quietness and efficiency of the bicycle. The cushioned seatpost provides extra comfort. The rear light equipped with brake sensor.
